Equipping Believers to Serve in the Power of the Holy Spirit

HOW TO PRAY

Determine the focus of your prayers and with whom you will share any discernment you receive.

Your Prayer Assignment:

- Will you pray for the whole event or just a part?
- Will you pray for all participants or specific people (leaders, attendees, worship team)?

Intercession Models:

- **Off-Site Intercession:** Pray at home or church. Benefits include fewer distractions and private, creative prayer.
- **On-Site Intercession:** Pray during the event. Benefits include real-time discernment and immediate prayer response.
- **Combined Strategy:** Mix of on-site and off-site intercession for comprehensive coverage.

Preparation for the Event:

- **Personal Spiritual Preparation:** Spend time with God, confess sins, and put on the full armor of God.
- **Interfacing with Leadership:** Event leaders often request the presence of a prayer team. Keep in touch with them to receive their vision and prayer requests.

Event Intercession:

- **Purpose and Focus:** Know the goals of the event and your responsibilities.
- **Interfacing with Leadership:** Communicate with event leaders before, during, and after the event.
- **Sharing Discernment:** Share insights with humility and let leadership decide on action.

Recruiting Your Prayer Team:

- **Selection:** Choose experienced members and those with a heart for prayer.
- **Enlisting Support:** Find people to pray for the event and your team.
- **Logistical Preparation:** Have a clear plan for the prayer team and prepare guidelines.
- **Praying Ahead:** Pray for the event, participants, and team members. Do a prayer walk through the event space.
